

## **Admission Checklist for Your Short-Term Rehabilitation Stay**

- ✓ **Comfortable clothing for 7 days**
  - Due to IV's, weight gain is common after surgery
  - You will need clothes you can freely move in for therapy sessions (we do not recommend jeans)
  
- ✓ **Athletic shoes**
  - The stability provided by good footwear is needed during therapy sessions
  - Tie shoes are preferred to reduce risk of your foot sliding out of shoe
  
- ✓ **Robe**
  
- ✓ **Personal care items**
  - \*Toothbrush, \*toothpaste, \*brush/comb, \*deodorant, make-up, shaving kit
  - \*Items provided by facility, but residents can bring their own preferred products from home
  
- ✓ **Glasses / contacts / hearing aids and storage cases / dentures cup or case**
  
- ✓ **Medication list from home**
  - We need to compare this list to the medication list provided by the hospital
  
- ✓ **Insurance information/cash**
  - Your insurance information will be verified for proper coverage of your stay
  - You might want cash for miscellaneous items (i.e. pop, haircut). A petty cash account is available in the business office. We recommend that you not keep cash or valuables in your room.
  
- ✓ **Copy of healthcare directives** (Power of Attorney for Healthcare / Finance)
